

PERSONALS.

Mr. and Mrs. George W. Gay, of Kansas, left in the Alameda, intending to locate in Southern California. Mrs. Gay is a sister of Mrs. George H. Dole, of Riverside, in that State.

Mr. and Mrs. Howell, who recently arrived from Australia, and have visited the Volcano and other places of interest here, left last week for Canada. They have been guests of the Hotel during their stay here.

Captain Drew, who has so long been commander of the bark W. H. Dimond, that the names Drew & Dimond seem to have become a special marine co-partnership, has purchased an interest in the splendid iron bark Andrew Welsh, said to be the finest vessel of her class in the Pacific, and on his return to San Francisco, will take command of her and bring her to this port. During Captain Drew's command of the Dimond, he has broken the record of fast sailing between Honolulu and San Francisco, and has made six round voyages annually, or at least an average of that, which very few captains have done. His many friends here and in San Francisco will congratulate him on his well earned promotion in the merchant service, and hope to see him come at no distant period "commander of the island sugar fleet."

Mrs. Senator Stewart and daughter of Nevada, who arrived in the Australia, are the guests of the Hon. Paul and Mrs. Neumann at their beautiful home on King street.

Mr. and Mrs. Koltair and assistant, who have entertained the public for a week past in their varied and attractive illustrations, left in the Monowai for a tour of Australia.

Mr. Burridge, the scenic artist, and Mr. Clarence Webster, one of the editors of the Chicago Inter-Ocean, are now on a visit to the Volcano, and will there find ample material to gratify the most ardent admirers of the beautiful and marvelous in Nature. They will probably remain there some time.

H. B. Macfarlane returned home on the Alameda looking very robust. He states that his health has been very much improved by the sea voyage.

The American Minister on Monday week gave the second of a series of lectures on popular topics in the Hall of the Y. M. C. A. Mr. Stevens is a graceful and interesting speaker with a pleasant manner on the platform, and as he always has something to say of general interest and worth remembering, his familiar talks are well received.

Dr. R. P. Myers and wife, who arrived on the Australia, are guests of Dr. G. P. Andrews, on King street, to whom they are related. They are from Savannah, Ga., and, having ample means, have spent the past two years traveling for health and pleasure. They may remain here for several months.

Her Majesty Queen Liliuokalani is in her usual good health and may be seen on riding every pleasant day, either in her carriage or on horseback.

Letters from Mrs. W. C. Parke state that she will remain in Europe for some months longer, as her daughter Annie is not in good health, and as he is not returning to Honolulu till next summer. Mr. Tarn McGrew, youngest son of Dr. John S. McGrew, of this city, has entered Stanford University in California, where he will take the full course. This institution opened October 1st with over 400 students.

Mr. Oliver C. Swain, the popular delivery clerk of the Post Office, left in the Alameda Oct. 22 for a two months' vacation in Oakland, Cal., where his relatives reside. He has been in the Post Office here for eight years, having been appointed in 1883, under the administration of Mr. Whitney.

A Judicial Decision.

An important decision of the full Court was filed Tuesday in the case of the Hutchinson Sugar Plantation Co. vs. the Hawaiian Government and O. T. Shipman, Deputy Tax Assessor, an action to vacate a decision of the Tax Appeal Board. The law provides that the Tax Appeal Courts shall consist of the District or Circuit Judge and two disinterested persons appointed by the Minister of Finance. One of the Board in this case was C. Meincke, who holds a small Government position as country postmaster. Was he, as a Government employee, a "disinterested" person, within the meaning of the statute? The Court decides that he was not, and orders that the taxes paid over and above those due on the return made by plaintiff be refunded. Hatch & Carter for plaintiff; Peterson and the Attorney-General for defendants.

The Result of Not Advertising.

The following poem was written by our spring poet. It is respectfully dedicated to those who do not advertise:

For the man who advertises,
The tide of business rises
Till it covers up the last financial rock;
And it's come to be the saying,
That a man by such outlaying
Has McKintyed all the goods he had in stock.

But the man who never uses
Advertising columns loses
Even what he's earned in other ways
Before.

And the verdict it is hinted,
When he fails is: He McKintyed
All the goods that he had put into the store.

WORLD'S FAIR NOTES.

It is reported that the Prince of Wales, Emperor William of Germany and the Shah of Persia all seriously contemplate visiting the World's Fair in 1893.

The managers of the great Naval Exhibition at Chelsea, England, have consented to allow the model of Nelson's ship, the Victory, to be transferred to the Columbian Exposition.

More than \$5,000,000 of Exposition work is now contracted for and is in progress.

A movement has been inaugurated by the Sons of the Revolution in New York to have October 12th celebrated throughout the world each year as "Discovery Day."

The \$10,000 painting of Christopher Columbus, executed by the famous Moro in 1540, and purchased in London by Charles F. Gunther, has arrived at the custom house in Chicago, and will be displayed at the Fair.

The Sultan of Zanzibar has decided to make an extensive exhibit, and a request for space has been cabled.

Massachusetts will devote \$10,000 to its educational exhibit. The State's entire appropriation is \$75,000.

An interesting collection from Asiatic-Russian provinces is being exhibited on the Champs Elysee in Paris, and it is said will be taken to Chicago in 1893. The exhibition is in charge of General Annenkoff, son of the Princess Dolgorouki (morganatic wife of Alexander II.), who is the head of the great trans-Caucasian railway into Turkestan and Afghanistan. The collection comprises natural products of Central Asia, and arms, clothing, jewels and household articles of the various provinces, as well as a panorama of a battle in Turkestan, with scenic illustrations of the snow-capped mountains.

At Virginia's World's Fair Convention, held at Pulaski, it was shown that the people of the "Old Dominion" are not lacking in interest in the Columbian Exposition, but, on the contrary, are determined to be worthily represented. The feeling was nearly unanimous in favor of asking the Legislature to make an appropriation of not less than \$100,000.

The Exposition European Commission, embracing Messrs. Butterworth, Handy, Bullock, Lindsay and Peck, is receiving very marked attention in European capitals and other cities, and everywhere exceptional courtesies have been extended. The Commission is doing a wonderful amount of good to the Exposition in arousing interest abroad and insuring extensive participation by foreign nations.

Illinois has appropriated \$800,000 for its exhibit at the Exposition. It will erect an immense building costing about \$350,000, and endeavor to make the most complete exhibit of any of the States. The State Board of Agriculture has charge of the matter.

Forty-three mineral producing counties in Georgia, Alabama and Tennessee, in a convention of more than 10 delegates, held at Chattanooga, Tenn., have decided to make a tri-state exhibit at the World's Fair.

Chile, although kept pretty busy with a formidable insurrection within its territory, has taken time to decide to participate in the World's Fair, and to appropriate \$100,000 for that purpose.

For Tired Brain
Use *Rouyer's Acid Phosphate*.
Dr. O. C. Stout, Syracuse, N. Y., says: "I gave it to one patient who was unable to transact the most ordinary business, because his brain was 'tired and confused' upon the least mental exertion. Immediate benefit, and ultimate recovery followed."
